Don't they make Thunder!

Here are the noble townships that carry terror to the enemy. Look at their Democratic majorities:

See, do you hear that thunder,

Oh, Billy Helmeck, dear—

Don't it strike your eye with wonder—

See, Billy, do you hear?

Carl Shurz.

CARL SHURZ, a revolutionist from the old country—a socialist in politics and an infidel in religion—is now in the employ of the Republican party and is making speeches all over the country. He is a man of education talent and energy. The Republicans through him and others of his kind expect to win over to their party the German vote of the country. His speeches are published far and wide in both the English and German language. We clip the following paragraph from a published one made by him in Springfield, Massachusetts, a few weeks ago, and call the attention of all honest citizens to the sentiment which it contains. It is but a specimen of his style of oratory.

"There is your Declaration of Independence," said he, a diplomatic dog, adopted merely for the purpose of excusing the rebellious colonies in the eyes of civilized mankind. There is your Declaration of Independence, no longer the sacred code of the rights of man, but a hypocritical piece of special pleading, drawn up by a batch of pettifoggers, who, when speaking of the rights of man, meant but the privileges of a set of aristocratic slave holders, but styled it 'the rights of man,' in order to throw dust in the eyes of the world, and to inveigle noble-hearted fools into lending them aid and assistance. [Applause.] These are your boasted Revolutionary sires, no longer heroes and sages, but accomplished humbugs and hypocrites; who said one thing and meant another; who passed counterfeit sentiments as genuine, and obtained arms and money and assistance and sympathy on false pretenses! There is your great American Revolution, no longer the great champion of universal principles, but a mean Yankee trick—(bursts of applause and laughter)—a wicked, ungodly, THE MOST IMPUDENT IMPOSITION, EVER PRACTICED upon the whole world.—[Applause.]

It would seem impossible to find an audience, made up of American citizens, either native or adopted, who would stand and hear such atrocious sentiments and greet their author with applause. No where except in an abolition hole like Massachusetts could it be done. Such vile slanders upon the fathers of the American revolution, should be received with scorn by every man who is entitled to the name of an American citizen. But the Republicans applaud them.

Excuse.

Our readers will please excuse us for a want of reading matter in this week's paper. We have been so busy electing that we have not had time to write. We will try to make all right next week.

George Reed.

Our friend George Reed, one of the best of men and most glorious Democrats, was elected Justice of the Peace in Washington township, on Tuesday, by 30 majority.

How is it?

It is said that at two o'clock on yesterday morning after Gen. Ankeny heard from thirteen townships he crawled into a hole, and when glorious 'Old Richland,' came in with her 117 majority he pulled the hole in after him. Can't he be smoked out and sent up Salt River with the rest?

Lincoln's Eloquence.

"Honest Old Abe" opened that sweet delicate mouth of his just once since his nomination—a Republican pow-wow in Springfield. And what eloquence rolled forth? "See it!"

"Since it appeared to be the wish of those constituting this vast assembly to see me—and it is certainly my wish to see all of you—[great cheers and applause]—I appear upon the ground here at this time only for the purpose of seeing you, and enabling you to see me."

The Cock of the Walk.

Grand and Imposing Reception.

Mr. DOUGLAS arrived in Chicago on the evening before the day fixed for the Mass Meeting, but his reception was nevertheless immense. The Chicago Times of Friday morning says:

The die is cast. We have no heart to compare the reception of Douglas and Seward. The annihilation of the Republican demonstration was so complete, that any attempt at a parallel is simply nonsense. The banner was fairly given, and has been fairly met, and our triumph has been so overwhelming that it would be ungenerous to exult. Even our friends were taken by surprise by the sublime display presented. It had been expected to make a formal and respectful reception of Judge Douglas, and reserve our ammunition for the grand demonstration of today; but the enthusiasm was "irrepressible," and as chainless as the waves of the ocean. The horsemen gathered by hundreds, and the footmen by thousands, with their gay uniforms and brilliant torches, to escort our distinguished chief. The people gathered in front of the Tremont House to the number of twenty-five or thirty thousand. Estimation of the immense multitude was in fact impossible for they could only be counted by thousands.

For hours the dense and ever growing crowd awaited the arrival of their great political idol and leader. When at length he arrived, in the center of miles of brilliant torches, and the boom of cannon and eruptions of innumerable fireworks the enthusiasm of the crowd knew no bounds. The crowd actually grew wild with enthusiasm, and as the swelling acclamations went up from the thousands assembled, the Little Giant stood up in his open carriage, and nobly acknowledged the devotion of the Democracy of Illinois. It is in vain that we attempt to describe the brilliancy of the scene, or the utter amazement of the Democracy and the blank terror of the Republicans. What will happen to-day matters not—we have already distanced all competition. No citizen of America has ever received such an ovation as Judge Douglas received in Chicago last night! It defies all eulogy and lying.

The Republican Party in Regard to Suffrage.

The Republican State platform, which was adopted by a large majority, declares: "We claim for all citizens, native and naturalized, liberty of conscience, equality of rights, and the freest exercise of the right of suffrage."

The Republican party does not permit us to grope in darkness as to whom it considers 'citizens.' By reference to page 301 of the laws of Ohio for 1857, we find the explanation. That page contains a joint resolution passed by the Legislature, by a strict Republican vote, 'relative to the decision in the Dred Scott case.' In the second resolution it is alleged: "That the judgment of this General Assembly, every free person, born within the limits of any State in this Union is a citizen thereof."

Now, here we have the Republicans of Ohio declaring, through the Legislature, that every negro, without regard to the degree of color, born in Ohio, "is a citizen thereof;" and in the State Platform the party claims "for all citizens, the freest exercise of the right of suffrage." This is the party committed, beyond a peradventure, not to mulatto suffrage alone, but to negro suffrage pure and simple. How many voters of Ross county are in favor of this doctrine?—Chillicothe Advertiser.

No Old Line Whig can do it.

No old line Whig—no supporter of the gallant Clay, can with decency or honor support Abraham Lincoln. It is a notorious fact that Lincoln betrayed the interests of the Whig party in Illinois to the abolitionists. It is also a notorious fact that Lincoln deserted Clay in his old age, and deserted him not through principle, but through the most selfish and dishonorable motives. Yet the leaders of the Black Republican party have the hardihood to insult the intelligence of old line Clay Whigs by asserting that Lincoln was a life long supporter of Clay, when every Illinoisan, and especially every Whig, knows it to be the fact, that the very first man in the Whig party deserting the waning fortunes of the gallant Henry Clay, was that same Abraham Lincoln. The very first man who attempted to betray the interests of Clay and the Whig party in Illinois into the clutches of the Abolitionists, was Abraham Lincoln. Go to the remaining old Whigs who yet make a show of numbers in Southern Illinois; go to the places in Egypt, nearest the home of Clay, and every one of them will answer indignantly, that Henry Clay owes his defeat in his own party in Illinois in 1848 to the active exertions of Abraham Lincoln. The Whigs of Southern Illinois, those who gave Henry Clay their life long support, and who revere his memory, now that he is dead, will, we are assured, in the coming November, reward this man Lincoln for his infamous betrayal of their great and noble leader.—Freeport Bulletin.

British Hatred of Democracy.

Our neighbors "over the water" take a deep interest in the success of the black Republican party, and urge the election of Lincoln with ardor. According to them, the success of that gentleman would greatly benefit and gratify the citizens of Great Britain. We have no doubt that such would be the case, and that the black republicans would find powerful allies in the white slave drivers of Manchester, London and Birmingham. But will the people of the United States elect a President to gratify a nation which set a price upon the head of Washington and his compatriots? Will they obey the organ of British tyranny, and crush the Democracy of the New World? The London Chronicle, a paper high in the confidence of the British government, holds the following language in reference to our Presidential struggle:

"We would be sorry to see Mr. Douglas elected, because he is in favor of preserving the obnoxious institutions as they exist. And the unity of the States.—There is no safety for European monarchial governments, if the progressive spirit of the Democracy of the United States is allowed to succeed. Elect Lincoln, and the first blow to the separation of the United States is effected!"

Wayne gives the Democratic State ticket 566 majority. The entire Democratic county ticket is elected. A Gain.

Hon. S. S. Cox.

We are pleased to learn that Hon. S. S. Cox is re-elected to Congress from the Columbus District.

Still They Come!

We learn since our last issue of FORTY-ONE Republicans, declaring for Douglas, Johnson and MORRIS. Such is the effect of the Republicans trying to make the negro the white man's equal. Roll on the ball!—Monroe Democrat.

Out Upon the Hypocrites.

Republicans pretending that they are in favor of "land for the landless," when almost upon the heels a vote cast by HAMM against the Homestead Bill, they chose him for candidate for Vice President. Perhaps they wish it for free negroes, after Abolition is effected.

Democracy.

A sentiment not to be appalled, corrupted or compromised. It knows no baseness; it cowers to no danger; it opposes no weakness. Destructive only of despotism, it is the sole conservator of liberty, labor and property. It is the sentiment of freedom, of equal obligations—the law of nature prevailing the law of the land.
